

UBeaut Aircon Cleaning — Website Disclaimer

Last updated: 13 August 2026

The information provided on the UBeaut Aircon Cleaning website is provided for general information purposes only. While we aim to keep the information accurate and up to date, UBeaut Aircon Cleaning makes no guarantee that all information is complete, current or suitable for every individual situation.

1. Air Conditioning Services

UBeaut Aircon Cleaning provides air conditioning cleaning and related services. The condition, age, model and installation of each air conditioning system can vary significantly.

Cleaning may improve the cleanliness, appearance, airflow or operation of an air conditioning system; however, **UBeaut Aircon Cleaning does not guarantee that cleaning will resolve an existing fault, odour, mould issue, water leak, airflow problem, cooling problem or other mechanical or electrical issue.**

Where a problem appears to be caused by a mechanical, electrical, refrigerant, installation or other technical fault, the customer may need to engage a suitably qualified air conditioning technician or other appropriate professional.

2. Existing Damage and Condition

Air conditioning units may contain components that are aged, brittle, corroded, damaged or already deteriorating.

UBeaut Aircon Cleaning takes reasonable care when carrying out its services, but **cannot accept responsibility for pre-existing damage, deterioration or defects that become apparent during or after cleaning.**

If our technician identifies a condition that may make cleaning unsafe or likely to cause damage, we may recommend that the service be modified, postponed or declined.

3. Mould, Bacteria, Dust and Contaminants

Professional cleaning can remove accumulated dirt, dust, mould and other contaminants from accessible areas of an air conditioning system.

However, **UBeaut Aircon Cleaning does not guarantee the complete removal or permanent prevention of mould, bacteria, allergens, odours or other contaminants.**

The future return of mould or other contaminants can depend on factors outside our control, including humidity, condensation, ventilation, building conditions, leaks, drainage and ongoing use of the air conditioning system.

4. Health Information

Information on this website regarding air quality, mould, dust, bacteria, allergens or other contaminants is provided for general information only and is **not medical advice.**

UBeaut Aircon Cleaning does not diagnose, treat or prevent medical conditions.

Customers with allergies, asthma, respiratory conditions or other health concerns should obtain appropriate advice from a qualified healthcare professional.

5. Results

Cleaning results may vary depending on the type, age, condition, accessibility and level of contamination of the air conditioning system.

Photographs, before-and-after images and examples displayed on this website are provided for illustration and may not represent the results that every customer will receive.

6. Quotes and Pricing

Any prices or price indications displayed on this website are subject to the specific requirements of the job.

The final price may vary depending on factors including the number and type of air conditioning units, accessibility, condition, contamination and additional work required.

Where applicable, customers will be informed of any additional charges before additional work is undertaken.

7. Third-Party Products and Information

UBeaut Aircon Cleaning may refer to or use products, equipment or services supplied by third parties.

UBeaut Aircon Cleaning does not guarantee the accuracy of information supplied by third parties and is not responsible for changes to third-party products, specifications or availability.

8. Website Availability and Accuracy

We make reasonable efforts to ensure that the website is available and that its information is accurate. However, we do not guarantee that the website will always be available, error-free or free from technical issues.

Information, services, pricing, photographs and other website content may be changed or updated without notice.

9. External Links

This website may contain links to third-party websites. These links are provided for convenience or information only.

UBeaut Aircon Cleaning does not control or necessarily endorse the content, products or services provided by third-party websites and is not responsible for their content, availability or privacy practices.

10. Limitation of Liability

To the extent permitted by Australian law, UBeaut Aircon Cleaning excludes liability for loss or damage arising from reliance on information contained on this website.

Nothing in this disclaimer is intended to exclude, restrict or modify any right, guarantee, warranty or remedy that cannot lawfully be excluded, restricted or modified under applicable Australian consumer law.

11. Australian Consumer Law

Nothing in this disclaimer is intended to limit or exclude the rights and remedies available to consumers under the **Australian Consumer Law**, where those rights apply.

Where a service supplied by UBeaut Aircon Cleaning does not meet a consumer guarantee that cannot legally be excluded, the customer retains the rights and remedies provided by law.

12. Contact

If you have questions about the information on this website or about an air conditioning cleaning service, please contact:
